

AVAST ANTIVIRUS NOT ALLOWING ACCESS TO GOTO WEBINAR VIDEOS OR SHOWING BROKEN LINKS?

HERE'S HOW TO FIX IT

If Avast antivirus blocks our GoTo Webinar video websites, you will need to manually add them to the “whitelist” or “exception list” by following the steps below.

1. Copy (CTRL+C) a URL link below or from the website you want to add

Job Search Webinars: <https://www.gotostage.com/channel/bb9ba27e92c940c292a5dc4d8acd60bb>

Computer Webinars: <https://www.gotostage.com/channel/4432199917354811398>

YouthWorks Webinars: <https://www.gotostage.com/channel/5b5c8953ff17467fa8894f59ae6067b5>

2. Open the Avast dashboard from the application
3. From the Menu, click “Settings”
4. On the General Tab, click “Exceptions”
5. Then click, “Add Exception”
6. Paste (CTRL+V) the URL link into the window and click “Add Exception”
7. Refresh your internet browser to see the website and videos
